ABOUT STALWARTS

Established in 2022, Stalwarts Heavy Lifting Trading & Contracting LLC is a specialist equipment supplier servicing various industrial activities in Oman. We pride ourselves on being a forward-thinking company, providing top-quality heavy equipment and transportation services to the logistics, construction, erection, and oil & gas sectors.

At Stalwarts, we are a team of professionals who understand the essential needs of contractors when renting equipment from a plant hire company. Our mission is to help you keep "Getting It Done!"

With continual investment in our fleet, we have grown to include over 28+ items of quality plant and equipment. Our fleet covers cranes, wheel loaders, boom loaders, integrated tool carriers, forklifts, shovels, and more, serving the logistics, construction, erection, and oil & gas industries.

Stalwarts Heavy Lifting Trading & Contracting LLC is proud to be ISO 9001:2015 certified, ensuring our commitment to quality management. We are also registered with OPAL and JSRS, further solidifying our dedication to maintaining the highest industry standards

WHY STALWARTS?

1. OUR TEAM

As an Omani owned company we pride ourselves on being a forward thinking group of people who understand the key needs of our customers when renting equipment from a plant hire company. While the services we provide are similar to that of so many other companies, our core difference is in our team; a team that is 100% committed to supplying the best solution for every customer.

2. EASE OF USE

At Stalwarts, we believe in keeping it simple. From our easy to read invoicing with no hidden fees to our quick trading account setup, we aim to take the hassle out of hiring. Through many years of experience in the earthmoving and heavy equipment industry our team remains focused on being easily contactable at all times to help you keep "Getting It Done!"

3. QUALITY EQUIPMENT & STANDARDS

Well maintained equipment is one of the keys to many successful projects. All equipment in our fleet is maintained in line with stringent servicing and maintenance guidelines, therefore we can ensure every customer has the best possible chance of success on their project. Our strategically located workshops allow our team members to inspect, diagnose and repair equipment quickly and efficiently.

REPAIR & MAINTENANCE

Having the ability to provide an effective field service team to our customers is one of the keys to our high customer satisfaction rate. With our construction equipment operating in all types of harsh conditions, on occasion the machinery does fail. Having

full access to our field service team, we are able to attend site to rectify these issues quickly and efficiently. All assets are fitted with GPS monitoring devices that allow our in-house service team to track and monitor critical data such as service

intervals, current hours and location. We understand that equipment maintenance can make or break your operation, because of this our team visit site regularly to provide preventative maintenance and machine inspections.

HEAVY HAULAGE & MOBILISATION

HEAVY LIFTING

Transporting both small and large equipment to and from the construction site is one of our main considerations when renting equipment. This is why we operate our own in-house heavy haulage and logistics division.

We offer crane solutions to all customers and are capable of carrying loads up to 130 tons. Utilising our Tadano cranes ranging from 25 tons to 130tons.

MOBILISATION ON TIME, EVERY TIME!

Our mobilization time for equipment is one of the fastest in Oman. From inquiry placement and quotation to contracting, the process is efficient and swift. We aim to ensure that our equipment is delivered 'On Time, Every Time' as promised

MACHINERY ATTACHMENTS ENHANCING PRECISION, POWER AND PERFORMANCE

ATTACHMENTS & SMALL TOOLS

CAT	ATTACHMENTS & SMALL TOOLS	SIZE
Wheel Loader	Overcentre High Capacity Bucket	5.0 Ton - 15.0 Ton
Wheel Loader	Pallet Forks	5.0 Ton - 15.0 Ton
Wheel Loader	Lifting Jib	5.0 Ton - 15.0 Ton
Wheel Loader	Hydraulic Tyre Handler	5.0 Ton - 15.0 Ton
Telehandler	Lifting Jib	3.0 Ton - 4 Ton
Telehandler	2.0 C/M Bucket	3.0 Ton - 4 Ton
Telehandler	1.0 C/M Bucket	3.0 Ton - 4Ton
Telehandler	Forks	3.0 Ton - 4 Ton

Forks:
Fork attachments enhance your wheel loader's capability to lift and transport pallets and heavy loads. With adjustable widths and a durable build, they ensure efficient material handling and quick attachment for increased productivity.

Boom:
The boom attachment extends your wheel loader's reach and lifting power, ideal for high-reach tasks and moving materials to elevated areas. Its robust design and adjustable angles provide flexibility and strength for various applications.

Shovel:
Shovel attachments convert your wheel loader into a powerful tool for digging, scooping, and loading. Built for durability and high capacity, they handle tough materials efficiently, making them perfect for construction and landscaping tasks.

STALWARTS UNDERSTANDS THE KEY NEEDS OF CONTRACTORS WHEN RENTING EQUIPMENT

At Stalwarts Heavy Lifting Trading and Contracting LLC, we understand that contractors need more than just access to equipment—they need reliability, flexibility, and expert support to keep their projects on track. That's why we maintain a diverse fleet of top-quality machinery that's always ready for immediate deployment. Our commitment to safety and compliance ensures that every piece of equipment meets the highest standards, giving you peace of mind on the job site. With flexible rental terms, competitive pricing, and round-the-clock customer support, we make the rental process seamless, allowing you to focus on what matters most—delivering results on time and within budget. At Stalwarts, we're not just providing equipment; we're providing a partnership you can rely on.

CEO's MESSAGE

Oman is a nation on the rise, with a spirit of ambition and innovation that is impossible to miss. Every day, I see the incredible energy and drive of our people—their desire not just to keep up with the world, but to lead it. This spirit is what defines Oman today, and it's what inspires us at Stalwarts Heavy Lifting Trading and Contracting LLC.

We recognize that our role goes beyond providing equipment and services. We're here to support the people of Oman as they build the future they envision. Whether it's through the development of infrastructure, the advancement of technology, or the enhancement of everyday life, our commitment is to be a reliable partner in this journey.

At Stalwarts, we're driven by a simple goal: to help Oman reach its full potential. We are focused on delivering high-quality solutions that meet the demands of a rapidly evolving landscape. We understand the challenges our clients face, and we are dedicated to providing the flexibility, reliability, and expertise needed to overcome them.

Our team is proud to contribute to the growth and development of Oman. We see our success as part of a larger story—the story of a nation that is determined to achieve greatness. Together, we're not just building projects; we're building a brighter future for everyone in Oman.
